Re: Temporary Reduction from full-time to part-time

The parties, in recognition of the desire of full-time employees to reduce their hours of work agree to the following initiative on a trial basis for the duration of the collective agreement:

1. A full-time employee may request a leave of absence without pay for a portion of her shifts. The employee's request and the Employer's approval shall not be for a period of less than one (1) year and shall be reviewed yearly for further approval.
2. Such leave may be granted at the discretion of the Home. Requests for such leave will be considered:
 - where the reduction is by full shifts,
 - where the temporary part-time position would be in the same classification and in the same unit,
 - where no nurse shortage exists at the Home,
 - where the efficient operation of the Home is not effected.
3. Where the request is granted the full-time employee would:
 - a. be considered on a leave of absence from her full-time position as it relates to pension eligibility;
 - b. maintain eligibility in the Nursing Paramedical Pension Plan, with the option of earning pensionable service on a pro-rated or full service basis depending on the contribution option selected. Election would be subject to applicable Revenue Canada Purchase Maximums. The contribution option selected by the employee would trigger the Employer contribution level;
 - c. for all other provisions of the collective agreement, the Employee would be considered part-time; and accrue and use all full-time benefits on a pro-rated basis.
4. At the conclusion of the leave period the employee shall be returned to her former full-time position. The employee shall be considered a full-time employee with respect to Article 30 should her position be affected by a workforce adjustment during the period of the leave.
5. Article 4.06 of the collective agreement would not apply to the employees on such leave. For greater clarity, employees on a temporary reduction shall not be entitled to an equitable offer of overtime; however, may be called if there are no other registered nurses available.
6. Where required by the provisions of the collective agreement, the remaining portion of the full-time employee's position will be posted.
7. The employee may return before the end of the leave period where mutually agreed.
8. An employee may request such a change only after eighteen (18) months in her position.

This Letter of Intent shall expire on the last day of this collective agreement.

*In regard to the above, the parties agree that anyone now on such a reduction will be allowed to stay on such a reduction for the one (1) year following signing of this agreement.

WHEREAS the Union and the Employer acknowledge their respective commitments to quality health care and resident safety and agree that Registered Nurses (RN) play a vital role in health care system.

THE PARTIES THEREFORE AGREE THAT:

Within three (3) months of the signing of the Collective Agreement, they will form a joint committee of equal Employer and union representation to plan and conduct a research project on mandatory nurse-resident ratios (MNRR).
